

**Accountable Communities for Health:
What We Are Learning From Recent Evaluations**

August 24, 2021
1-3 PM ET, via Zoom

Meeting Goals:

- Describe four accountable health model evaluations and their key findings
- Review lessons learned and the critical elements for success in effecting systems change in communities
- Discuss how the evaluations inform the value proposition of accountable health models

Questions to Consider

- In implementing multisector collaborations, are there elements that are more critical than others or readiness factors that should be considered?
- Are there community partnerships or relationships that are needed for success in addressing social determinants of health and health equity?
- What are the best measures of accountability for ACHs if they are working to address community priorities and the vulnerable populations they serve?
- What are we learning from these evaluations that informs the value proposition for ACHs?

1:00-1:05: Welcome

- Jeff Levi, GWU

1:05-1:20: Accountable Health Communities (AHC) Model, CMMI/CMS

- Holly Stockdale, RTI International
- Katherine Johnson, CMMI/CMS

1:20-1:35: The California Accountable Communities for Health Initiative (CACHI), Multiple California Funders

- Karen Linkins, Desert Vista Consulting

1:35-1:50: The BUILD Health Challenge, Multiple Private Foundations

- Emily Yu, BUILD
- Kim Glassman, Equal Measure
- Natalie Rose, Equal Measure

1:50-2:05: The Accountable Communities of Health (ACHs), Washington State Health Care Authority

- Chase Napier, WA HCA
- Erin Hertel, Center for Community Health and Evaluation (CCHE)

2:05-2:20: Panel Discussion

2:20-2:35: Value Proposition Panel

- Bobby Milstein, ReThink Health
- Barbara Masters, CACHI
- Joshua Traylor, Health Care Transformation Task Force

2:35-2:55: Panel Discussion

2:55-3:00: Summary and Next Steps
